

KATHERINE R. MAZAHERI-FRANZE

EMPLOYMENT AND LABOR LAW
FAMILY LAW

Katherine Mazaheri-Franze is a dedicated attorney who focuses her practice on providing straightforward legal services with compassion. In 2008, she opened the Mazaheri Law Firm, which has become a burgeoning law firm with multiple skilled attorneys and legal assistants, gaining a powerful reputation for fighting various social injustices in cases of employment discrimination, harassment and retaliation based upon race, gender, national origin, sexual stereotyping, age, disability and pregnancy. As a business owner herself, she is able to assist others in avoiding the pitfalls of hiring, termination and discipline of employees.

Mazaheri-Franze's true passion is her love of family, in particular children. She is a board member of Edmond Mothers of Multiples and has dedicated support toward assisting children's needs/rights organizations. She assists families suffering financial strain from uncontrollable circumstances through Oklahoma Lawyers for Heroes and Oklahoma Lawyers for Children. She also has worked tirelessly for families, helping with the adoption process for many Oklahomans. It's a process she's familiar with, having added a little brother and cousin to her own family. She also takes on other family law and immigration cases, and her experience includes years as a real estate associate to clerking for a national insurance company and assisting in contract legal work for commercial properties.
